

Liverpool College

23rd June 2021

Dear Parents/Carers

In response to the Government's request and following the increase in cases, we are setting up a Test Centre again which will allow us to carry out Covid-19 Lateral Flow Tests. These tests are designed to indicate if an asymptomatic person (someone who is not displaying symptoms) has Covid 19.

The test centre has been set up in accordance with Government guidelines and the workforce administering the tests have been trained to the required standard.

We intend testing consenting pupils (who also have consent from their parents/carers) four times before the end of term. Testing is offered on an entirely voluntary basis. If you wish to continue to carry out these tests at home, you can opt to do that through the consent form below. However, you will be expected to take these tests and register the results through the NHS website.

Please see the Privacy Notice. If you wish your child to be tested at school please click the link below to give your consent. As registrations will be completed on Monday 28th June it is imperative that we receive your consent by Sunday 27th June.
