

THE WILTON TRUST

**A PROGRAMME FOR
THE WILTON SCHOLARS**

2018-2019

All Key Stages

Liverpool College

Autumn Term

- 10/9/2018 **Year 8 Wilton Scholars Individual Meetings**
Aptitude, IQ and Career profiling online tests.
Individual feedback, review and target setting meeting, Mrs Doran
- 13/9/2018 **Year 8 and Year 12 Business Workshop**
Freelance fashion designers Diane Line and Lyn Hayes Careers Talk and Business workshop. Designers worked for companies including Matalan, Joe Bloggs, Mothercare, Primark, Top Shop and Umbro, and designed First Division football kits. Included demonstrating technologies utilised in the industry – including the importance of CAD.
- 12/9/2018 **Year 5 and Year 6 Eurotalk Modern Foreign Languages competition**
Tournament Semi- Final for talented linguists.
- 18/9/2018 Mrs Doran **STEM Ambassadors Meeting:** Liverpool Hope
- 19/9/2018 **Year 4 Most Able Mathematicians**
Maths Workshop Explore Learning - Roman Banquet
- 19/9/2018 **Year 10 Wilton Scholars: Individual Meetings**
Individual feedback, review and target setting meeting, Mrs Doran
- 24/9/2018 **Year 12 and Year 13 National Engineering Competition for Girls opens.**
Free competition for pupils with an interest in engineering. Details circulated.
WES: Women's Engineering Society
- 25/9/2018 **Year 9 Wilton Scholars Individual Meetings**
Aptitude, IQ and Career profiling online tests.
Individual feedback, review and target setting meeting, Mrs Doran
- 26/9/2018 **Mrs Doran: Supporting the Progress of More Able Learners**
Optimus National Conference: Manchester
- 27/9/2018 **Year 7, 8, 9, 10, 12, 13 Medicine: Is it a worthwhile career? Tom Maverick.**
Tom Maverick is Managing director of Medical Mavericks: he travels the country teaching students about the range of careers available within the Medical fields. Includes bringing real medical equipment into schools. Inspiring careers in medicine, dentistry and sports science.
- 27/9/2018 **Unilever Twilight Session:** Mrs Doran and Mr Cartwright
Launch of Collaborative **Design and Manufacturing Project** with industry experts from Unilever.

- 30/9/2018 **Year 3 and Year 4: Code Breaking Challenge Day: Saturday Enrichment workshop**
Withington PS, NWG&T
- 1/10/2018 **Year 5 and Year 6 Videography Project: Working with Adam Pepper Professional Videographer. The Giants Are Coming!** Adam teaches literacy through videography. Final project became part of the **Liverpool Exhibition in Mann Island** and was added to the schools' website.
<https://www.giantspectacular.com/join-the-conversation/>
- 3/10/2018 **Year 12 Explore Learning Live Streaming**
'Big Question' discussion with panel of **Oxford University professors** and academics
"Do we see Colour the same?"
- 3/10/2018 **Year 11 Wilton Scholars Individual feedback Meetings**
Review and target setting meeting, Mrs Doran
- 3/10/2018 **Year 1 Able Writers Workshop**
Monster phonics – Spelling and Creative writing workshop
Explore Learning
- 6/10/2018 **Year 4 and Year 5 Most Able Media and Computing Workshop**
Using Microbits to create Morse Code, Pedometers and controlling lego robots.
Utilising Green technology, Greenbank Preparatory School, Cheadle, NWG&T
- 6/10/2018 **Year 3 and Year 4 Creative Writing Challenge Day for Most Able Writers**
Award-winning author Alan Gibbons will lead participants through various activities in poetry, fiction and non-fiction to explore the whole idea of time travel,
Hosted by Pikes Lane Primary, Bolton
- 9/10/2018 **Year 11 Wilton Scholars 'Should free Speech have limits?'**
Mr Hammersley. Lunchtime masterclass
- 10/10/2018 **Year 12 and Year 13 Liverpool Women in Science and Industry**
LivWise: **Dr Fara**. President of British Society of Science. Details circulated.
Twilight Talk (Detailed circulated to all Wilton Scholars)
- 11/10/2018 **Year 7, 8, 9, 10, 11, 12, 13 Careers Talk by Paul Myers, Director of Farm Urban Future proof Careers and entrepreneurship.** Identifying trends in the job market.
Talk about their contribution to sustainable food production and new technological advancements in the field of **aquaponics** that could revolutionaries urban living.
- 13/10/2018 **Year 9 MEM Maths Masterclass**
Liverpool University (open to exceptional mathematicians only)
- 13/10/2018 **Year 4 and Year 5 Abstract Art Challenge Day for Able Artists**
Student work with local artist to explore different types of media, shapes and textures through abstract art.
Blackrod Primary, Bolton, NWG&T

- 15/10/2018 **Year 13 Oxbridge, Medics and Dentistry Deadline.**
Support meetings offered.
- 16/10/2018 **Year 8 Wilton Scholars Philosophy half day Workshop**
What is philosophy: The big debates. Mrs A Hoare, NWG&T
- 16/10/2018 **Year 12 Wilton Scholars English Masterclass**
Lunchtime event with Mr Farnan
- 16/10/2018 **Year 7 Wilton Scholars Entrepreneurship Workshop**
Explore the world of **Estate Agents**. Create a model of a dwelling and prepare presentation and accompanying literature to advertise their property.
Mrs Hoare, NWG&T
- 18/10/2018 **Year 5 and Year 6 Most Able Working Lunch Discussion Group**
'Could you survive a natural disaster?' Mrs Doran
- 18/10/2018 **Year 12 Wilton Scholars Moral Dilemas**
Articulating and justifying opinions: 'Would you rather...'
Mrs Doran
- 30/10/2018 **Year 6 STEAM School Collaboration:** Streaming live careers talks.
- 1/11/2018 **Y7, Y8, Y9, Y10, Y11, Y12 Unilever Project Launch and Hackathon**
'Reducing Plastics Project'.
Explaining the Plastics problems and encouraging students of all ages interested in the environment of product development to design a product to reduce plastic waste on global scale. Reference to Young entrepreneur and Nohbo founder **Benjamin Stern**, led by **Mrs S Doran**
- 3/11/2018 **Year 5 and Year 6 North West Gifted and Talented:**
'Strictly come Calculate' maths challenge Day. NWG&T
- 3/11/2018 **Year 3 and Year 4 Most Able Readers: Wordsmith Workshop**
Students are challenged with a host of activities all relating to reading, books and the application of language in creating emotional responses.
Cockerham Parochial School
- 5/11/2018 Launch of **Tomorrow's Engineering week**
- 6/11/2018 **Year 9 Wilton Scholars 'Does Music Matter?'**
Lunchtime Masterclass
- 7/11/2018 **Year 7 Wilton Scholars 'Magic – Fact of Fabrication'**
Using logic and rational thought to unmask the magic
Lunchtime Masterclass, Mrs Doran

- 8/11/2018 **Year 6 National Young Mathematicians of the Year Event**
Trip - Explore Learning: Year 6 Most able mathematicians compete against local schools in Regional Heats
- 7/11/2018 **Year 7 'Engineering Big Assembly':**
Live video Stream giving instant access to panel of engineers talking about careers in STEM and engineering. Staff passed details to show in lessons. Pupils can ask questions of panellists.
Tomorrow's Engineering and Engineering UK
- 8/11/2018 **Year 8 Wilton Scholars History Materclass**
The Battle of Yres & Fritz Haber – Dulce et Decorum Est , Mr Turbitt
- 8/11/2018 **Year 3 and Year 6 Palaeontology workshop.** 'What is a palaeontologist?'
Education workshops: 'Fossils workshop' : Pupils take part in an artificial archaeological dig to discover, identify and classify fossils.
- 9/11/2018 **Key Stage 2 Careers Fair – all pupils.**
Parent Volunteers talk to pupils to discuss different career options and to explain what subjects and personal attributes are required for each career. Event intended to contextualising learning. Includes the following professionals:
Ruth Gilmore - **Optometrist**
Mike Diamond - **Urenco Engineer**
Lucy Evans- **Freelance journalist and writer for Science Magazine 'Nature'**
Nick Orton - **Construction Manager Kiers Construction**
Sridhar Rajagopalan –**Computer Programmer for Google**
Lucy Appleton – **National Crime Agency** (Most digitally advanced admin system in world)
Alison Mucooey - **Nutritionalist**
Hanna Magedera – Managing Director of **Network Marketing Business**. MFL specialist.
Chris Edmonds - **Accelerator physicist – Augmented Reality.**
John Leader – **Graphic Designer**
Jenny Binns – **Manager of Children's nursery**
Carly Brown - Assistant **Director for children's services: Modernisation**, Wirral Council
Michael Feely – **Director of North West Tech**
Danielle Bradbury – **pharmacist**
- 9/11/2018 **KS2 Most Able in Computing - Digital Kids show**
Computing and gaming event: Showcases Augmentated Reality, programming, virtual reality and e-safety. Details shared with Key Stage 2 IT Monitors
- 12/11/2018 **Year 8 Wilton Scholars TRIP Develop aspirations for University: Debating Workshop**, Oxplore Workshop Led by **Oxford University**. TRIP
- 12/11/2018 **Year 13 Wilton Scholars TRIP Interview Workshop: Careers and Employability workshop by Oxford University.**
Clarify purpose of interview, outline interview formats, know how to present yourself effectively and practice interview techniques.

- 13/11/2018 **Year 9 TRIP Explore and Competitive Universities Workshop:**
West Kirby School – Led and delivered by **Oxford University**.
- 14/11/2018 **Year 12/Year 13 Academic Subject Conference: Environmental Science**
TRIP to Liverpool Hope University for students interested in Environmental Science
- 14/11/2018 **Year 12/Year 13 Academic Subject Conference: Sports Science**
Liverpool Hope University TRIP
- 14/11/2018 **Sixth Form Construction and Engineering Live**
Live streamed talk 10.30-11am - **Careers and Technology in Construction and Engineering: University of Manchester. Live learn UK**
- 14/11/2018 **Year 9 Wilton Scholars** Trip to Port Sunlight: **Unilever** Headquarters
Working with Industry Experts to address real life problems in business
Collaborative Projects with industry: Impact of carbon footprint and Plastic Pollution
- 15/11/2018 All **KS3 and KS4** Year Groups: Careers Lecture: **Careers in Construction and Engineering Nick Orton: Kier Construction Limited.**
- 16/11/2018 **Year 5 and Year 6** - National Science Day:
Study of famous Scientists and their Impact on the World, Mrs Doran
- 16/11/2018 **Year 8 and Year 9 – Law Careers Challenge.**
Magistrates’ Court Mock Trial Competition: Initial Meeting.
Part of the Young Citizens ‘citizenship experiences’. Helps to improve young people’s life skills, their understanding of the justice system and the legal system. Students take on the various roles in a trial and try a case with the assistance of **real life magistrates, legal advisers, court staff and other legal professionals.**
- 17/11/2018 **Year 5 and Year 6 Most Able Business Enterprise Workshop**
Saturday event targeted at More Able students from across North West.
Business Planning, Marketing, Product design and sales – children learnt about key aspects of business enterprise to create the most inventive and creative business idea and product. **Liverpool College Host North West Gifted and Talented event**
Led by Mrs Doran and Aileen Hoare
- 17/11/2018 **Year 5 and Year 6 Most Able Artists: Cartoon and Animation Challenge Day**
St John’s C of E, NWG&T
- 19/11/2018 **Key Stage 1 Poetry Workshop with Best Selling Author Terry Caffrey**
Talk for all students in KS1. Hour long workshops in creative writing for all students.
- 20/11/2018 **Year 6 Mathematical Fluency and Reasoning Workshop: TRIP**
Most Able students from across Liverpool:
Hosted by Gilmour Junior School

- 20/11/2018 **Key Stage 2** Talk by **Professional Poet Workshop** for all students.
Poetry workshop for Year 3 and Year 4 pupils: **Author Terry Caffrey**
- 21/11/2018 **Year 12/Year 13 Academic Subject Conference: Education**
Liverpool Hope University TRIP: Open to all students considering a career in Education or Childcare
- 22/11/2018 **Year 12 Wilton Scholars Engineering Your Future Conference:** one-day career event to meet with Industry experts and provides an opportunity to see that engineering is a career worth pursuing.
Coordinated by the Institution of **Mechanical Engineers, the Institution of Civil Engineers, the Institution of Engineering and Technology, the Institution of Chemical Engineers, The Nuclear Institute and the British Computer Society, STEM Learning** and the **Northwest STEM Centres**. Halliwell Jones Stadium.
- 22/11/2018 **Local Enterprise Partnerships Meeting. Mrs Doran and local Hub schools.**
Strategy Conference Centre.
- 22/11/2018 **MGL Conference:** Establishing New technological developments in ICT and Computing. Anfield Stadium. INSET for S Doran
- 24/11/2018 **Year 7 and Year 8 Wilton Scholars and Most Able Scientists Optoelectronics Trio Circuit Construction for Beginners**
Introduction e you to other optoelectronic devices: L.E.D. Surprise, Sparkling Triangle and Darkness Detector. Participants will learn how to solder in order to construct these circuits, learn how they work and then take them home!
- 24/11/2018 **Year 5 and Year 6 Most Able The Business of Chocolate Enterprise Day**
Budding entrepreneurs are invited to attend a Business workshop styled on 'the Apprentice', in which they will explore the concept of creating and marketing a new chocolate bar, West Kirby High School, NWG&T
- 24/11/2018 **Year 5, Year 6, Year 7 and Year 8 The Chemistry of Plastics: Science Masterclass**
Students explore the chemical identities of plastics, how they are produced and the problems they create in our environment.
West Kirby High School, NWG&T
- 27/11/2018 **Year 9 Wilton Scholars: Unilever Project reparation Time**
Year 9 to meet weekly at lunchtimes on Unilever project.
- 28/11/2018 **Year 12/Year 13 Academic Subject Conference: Accounting and Finance**
TRIP - Liverpool Hope University, Open to Most Able Mathematicians.
- 29/11/2018 **Year 11 and Year 12 Computing Careers Talk:**
Identifying trends in future careers.
Mrs Katie Atkinson, Dean of Liverpool University.

- 1/12/2018 **Year 3 and Year 4 –Mathematics Challenge** Saturday
Open to More Able students across the North West
Great Marsden St John’s Primary School, C of E Academy
- 2/12/2018 **Year 11, Year 12 and Year 13 The Young Journalist Programme**
Weekend course: Journalism and Professional Writers. (details sent to all students)
Brings world-class journalists from industry to create a genuine newsroom environment: students are faced with a series of breaking news stories and asked to react in real-time. Journalist coaching from *Financial Times* writer, **Investigative Journalist for BuzzFeed** and *freelance Journalist for The Guardian*.
- 3/12/2018 **Year 5** Writers Talk by **Best selling Author: Kate Williams**
Assembly for **all pupils** following by full day of writing workshops – Dragons and poetry imitative writing workshops: Two half day workshops
- 4/12/2018 **Year 8 Wilton Scholars – Videography workshop.**
Creating a professional corporate Video to promote the School library.
Value of Professional Image and use of technology in business world.
Working with Adam Pepper: Professional Videographer
- 5/12/2018 **Year 7 Wilton Scholars–Videography workshop**
Work with **professional videographer** to write play script, record movie and editing footage to produce finished movie. Links to English curriculum topics.
Silverscreen productions
- 5/12/2018 **Year 6 Most Able Mathematicians National Mathematics Championships**
Most Able Mathematicians Liverpool College team compete against competition winners in the North West- Explore Learning (Regional Finals)
- 5/12/2018 **Year 12 and Year 13 – Medicine Taster Day**
Details given to all interested students (£35 pp -Wilton Scholarships available)
Taster day includes lecture about applying for medicine, clinical skills sessions and **talks with current medical students and junior doctors** to get an understanding of what it is like to be a medic. Liverpool School of Medicine.
- 5/12/2018 **Year 6 Most Able- Entrepreneurship Workshop**
Explore the world of **Estate Agents**. Create a model of a dwelling and prepare presentation and accompanying literature to advertise their property. Mrs Doran
- 8/12/2018 **Year 9 Most Able Mathematicians MEM Maths Masterclass** (Selected only)
Developing Mathematical Reasoning and problem solving, Liverpool University
- 8/12/2018 **Year 5 and Year 6 Most Able Writers: Be your own Sherlock Holmes**
Become a detective and help solve a mystery using poetry to unlock the hidden clues. Become a professional script writer and create your own crime scene mystery.
Withington Girls’ School, NWG&T

- 9/12/2018 **STEM Fair KidsZania**, London. Mrs Doran to assess Educational Visit for KS2
KidZania blends learning and reality with entertainment. Students d test their skills in a variety of professions including **banking, aviation, dentistry, fashion, medicine, programming, science and media**. Trip Evaluation.
- 10/12/2018 **Year 7 Wilton Scholars The Art of Articulation**
Students are presented with conundrums and are invited to articulate their solutions to the problems. Clarity is key!
Lunchtime masterclass, Mrs Doran
- 11/12/2018 **Year 7, Year 8 and Year 9 Computing Workshop** (125 students)
E-FIT activity involves the latest facial recognition software used by the majority of **UK police forces**. The robotics activity involves programming mobile Lego EV3 robots. Talk about careers in programming in the modern world.
Led by Paul Waterworth, MSC Projects Ltd
- 13/12/2018 **Year 12 and Year 13 (open to all) Engineering careers Talk: Dan Diamond. Chemical Engineering and Process Engineering working for Urenco**
Urenco is international supplier for the civil nuclear industry using leading centrifuge technology to generate low carbon nuclear energy.
- 13/12/2018 **Year 9 and Year 10 Wilton Scholars– Careers Talk -Professions within engineering**
Identifying different Types of engineers.
Dan Diamond. Urenco.
- 13/12/2018 **Year 8 Wilton Scholars “Law and Life”**
Establishing the core roles and responsibilities of different careers in Magistrates Court competition. Students to bid for roles.
Analysing the court case – Turnbull Guidelines for identification.
Mrs Doran
- 14/12/2018 **Year 12 and Year 13 Wilton Scholars National Engineering Competition for Girls.**
Deadline for Free competition for pupils with an interest in engineering or manufacturing launched Sept 2018. ‘Find a creative way to explain existing engineering solutions to the world’s challenges.
WES: Women’s Engineering Society. (Details circulated to all Scholars)
- 15/12/2018 **Year 5 and Year 6 Strategy Challenge Day**
Students work collaboratively to crack a series of code breaking challenges: Strategic thinking at its best.
Withington PS, NWG&T

SPRING TERM

- 9/1/2019 **Year 10 Wilton Scholar team Business Enterprise Challenge NATIONAL FINAL**
Liverpool College are National finalists.
Held **University of Manchester, MSC**
- 10/1/2019 **Year 9 Wilton Scholars TRIP: Liverpool University.**
STEM Academic subject workshops on range of topics including **Geology, Archaeology, Environmental Science, Electrical engineering, Mathematics, computer science, astronomy and bionic engineering.**
- 10/1/2019 **All years: LIVE streamed talk by Motorsports Social Entrepreneur: Nile Henry.**
Founder/CEO of The Blair Project, a social enterprise that exists to inspire the next generation of high tech engineers through electric karting and digital manufacturing.
- 10/1/2019 **Year 7 Careers Talk: Life in the World of Work.**
Managing Director **David Axon.**
- 11/1/2019 **Year 7-Year 12 Planning for the Future Careers Surveys distributed**
Survey results to be inputted into a spreadsheet and used to target individual students to specific careers opportunities/visits/talks.
- 14/1/2019 **Year 5 Most Able Students Working Lunch Discussion Group**
'What is happiness?' Mrs Doran
- 15/1/2019 **Year 5 and Year 6 Most Able Creative Thinking Workshop**
Two hour workshop testing the students ability to think laterally and strategically
A Hoare
- 15/2/2019 **Year 7 and Year 8 Wilton Scholars Philosophy Workshop**
Two hour workshop discussing key philosophical questions and formulating clear and precise responses. NWG&T
- 15/2/2019 **Year 10 Wilton Scholars Debating workshop**
'Is everyone equal – and should they be?'
'Should religion be banned from schools?' Two hour debating workshop. AH
- 17/1/2019 **Year 7 and Year 8 Wilton Scholars: Library Corporate Video premiere**
Students watch the premier of the corporate, promotional video they created to advertise the functions of the school library.
Video to be shown to all Y7 on entry and included as link on the school website.
- 17/1/2019 **Year 6 Most Able Students Working Lunch Discussion Group**
'What is happiness?' Mrs Doran

- 22/1/2019 **Year 9** Providers Event to discuss the pros and cons of each career path
Jan Agger – Apprenticeships, Ian Parry – Principal of UTC Technical College
Amy Smith – Marketing and events co-ordinator Hugh Baird College
Mr Ian Sandall – Liverpool University, Mr Brady – Liverpool College Sixth Form
- 23/1/2019 **Year 8 Wilton Scholars Computing and programming Robotics challenge day**
 Manufacturing and Engineering Challenge
 Make it Work Vex Robots: Regional competition
City of Liverpool College. Organised by All About STEM (Semi-finalists)
- 24/1/2019 **Y10, Y11, Y12, Y13 - Careers within Business Talk: Tracy Mawson. Deputy Chief Executive of St Helens Chambers.**
 Talk covered Publishing, Internet Retail, Inward Investment, Development and Business Support & Training. Career opportunities discussed included Marketing, Hospitality, Construction, Project Management, Digital Content Writer, Consumer Dynamics Analyst, Public Relations Coordinator, Product Development, Social Media.
- 25/1/2019 **Year 3 English workshop The Power of Language**
 Creative writing workshop for Year 3 students. Led by Explore Learning
- 28/1/2019 **Year 5 and Year 6 Most Able Lunchtime Debating Club**
 Should everyone be paid the same? Mrs Doran
- 29/1/2019 **Y7, Y8, Y9, Y10, Y11 Medical Mavericks Medics Workshops**
 Workshops targeted at students interested in careers in Medical field, PP students and More Able students. Workshops introduces range of medical careers from nursing, doctors and paramedics, to the more lesser known healthcare scientists. Hands-on event also includes the following activities:
 - Use the ultrasound machine to see inside their body
 - See inside their eye with an iPhone retina scan
 - Record and print an ECG from their heart
 - Hear their pulse with a Doppler Probe!
 - Try key hole surgery on a training device used by surgeons
 - Use a real needle to take fake blood from an fake arm
 - Experience different eye diseases with the pathology goggles
 - - Take basic medical observation such as blood pressure, oxygen sats and temp
- 30/1/2019 **KS2 Authors Career Talk: Dr Who Script writer**
 William is the author of Doctor Who dramas, writing dramas for previous Doctors Colin Baker and Peter Davison. He has also written and shot videos for Radio Times with David Tennant and produced films about Torchwood, Strictly Come Dancing, ITV's Crossroads. He is Deputy chair of the Writers Guild.
- 30/1/2019 **Y5 and Y6 Journalism Workshop for More Able Students: William Gallagher**
 Liverpool College hosted event designed to promote and enhance more advanced writing skills last week. The event was led by journalist Mr Gallagher, who works as a columnist for the BBC, Los Angeles Times and The Independent. The workshop taught the students how to create and edit newspaper articles.

- 31/1/2019 **Year 9 Wilton Scholars Mental Health Awareness masterclass**
Lunchtime masterclass: How to handling Stress Mr Farnan
- 31/1/2019 **Twilight INSET: Autism and the Most Able**
Understanding Autism in an educational Setting
Autistic Society seminar, St Helens Mrs S Doran
- 31/1/2019 **All Key Stage 1 and Key Stage 2 Silly Science Workshops**
Event which celebrated Science and championed the joy of investigations. Students were thrilled with experiments involving a wide range of scientific principles including forces, magnetism, chemical reactions, air resistance and burning and a range of explosive experiments.
- 2/2/2019 **Y5 and Y6 Business Enterprise Challenge Day: Saturday**
Liverpool College hosted event for More Able students across the North West, specifically devised to stimulate young entrepreneurs. Participating students designed a series of innovative new products, made prototypes, identified their consumer target market, calculated costings, designed a marketing campaign and pitched idea to team of 'investors' who grilled them on their business plans. Parents were invited to the event to listen to their company's product presentations.
Mrs Doran in collaboration with NWG&T
- 4/2/2019 **Year 9 Liverpool Skills Show: All About STEM**
PP students and those interested in Apprenticeships targeted
Event showcased exhibitors from across the North West with employer encounters. Included interactive, hands-on activities which inspired participants to explore careers and motivated them to find out more about the pathways open to them. The event involves local employers, apprenticeship providers, colleges and universities.
- 5/2/2019 **Year 8 Wilton Scholars Digital Explorers: Careers in Digital Technology Workshop**
TCS Consultancy Services and Liverpool Guild of Students
The day involved 3 group activities, each focused on a different area of tech. This provided insight into a breadth of tech careers, demonstrating that teamwork, communication and creativity are all important skills in the tech sector. The day ended with a Q and A session where 10 Industry experts shared their experienced with students and provided real-life inspiration from the world of work. SDoran
- 6/2/2019 **Year 12 Pathways to the Legal Profession: Liverpool Law Society**
Trip open to all Y12 students interested in Careers in Law. Talks:
Routes to the Legal Profession Chris Topping, President of Liverpool Law Society
The University route and the benefits of studying for a degree Dr Thomas Horsley, Lecturer in Law at the University of Liverpool
The LPC and conversion course for non-law graduates by Laura Samaroo, Solicitor, Senior Lecturer in Law at Liverpool John Moores University
The Legal Executive Route By Lauren Goldsworthy, Paralegal and Graduate member of The Chartered Institute of Legal Executives (CILEx)
Becoming a barrister – by Hope Lappin, Pupil Barrister *Apprenticeships* Jen Hulse

- 6/2/2019 **Year 10 Digital Explorers: Careers in Digital and Technology Workshop**
TCS Consultancy Services and Liverpool Guild of Students
 The day focused on a different area of tech including a Q and A session where 6 Industry experts shared their experienced with students and provided real-life inspiration from the world of work. Supervised by J Lowes
- 7/2/2019 **Careers talk: Cellular and Molecular Research: Thomas Leather**
 PHD student working at Liverpool University discussed his career and the route which led him to working with Cancer Research North West.
 This talk was open to all year groups for those interested in careers in Science.
- 7/2/2019 **Year 8 Magistrates Court Workshop with two Senior Crown Prosecutors**
Mrs Gilliam Ashworth and Mrs Jenny Williams
 Year 8 Students interested in Careers in Public speaking, politics or Law will be participating in the National Magistrates Trail Competition in March. This workshop explained the roles, responsibilities and procedures within the law Courts,
- 12/2/2019 **Year 8 and Year Business Enterprise Project** Daresbury laboratories.
 Half day launch of Go4Set, involved working with industry experts who mentor team. Mentors, teachers and students met and chose an environmental project to work on. Business Enterprise projects will qualify the students for Crest Awards following their pitches to panel of Industry Experts in March. Projects led by Miss Diamond.
- 13/2/2019 **Mrs Doran INSET: LJM Faculty of Engineering/Technology Open Afternoon.**
 Provided teachers with the opportunity to find out about the career opportunities for their students by pursuing a degree in Engineering, Built Environment or Technology. Key information provided about entry requirements, tour of facilities and information about our Engineering and Technology Outreach opportunities.
- 13/2/2019 **Year 9 Employability skills workshop – Mock Interviews**
Feeding Britain’s Future - IGD delivered facilitated workshops in schools.
 Activities were designed to help students develop their employability skills and were supported by professionals from the food and grocery industry who help bring the world of work to life: General Managers and Outreach Teams from the retail industry represented from Liverpool stores in Asda and Tesco.
 Workshops explore interview techniques and included one to one mock interviews
- 13/2/2019 **Year 12 – Employability workshop and Mock Interviews**
 Workshop to teach how to utilise **Networking and Social Media** to access the Hidden Job Market, interview techniques and included one to one mock interview. The event was supported by experts in the world of retail.
- 13/2/2019 **Year 4 – Angular Architecture Workshop**
 Pupils put on their hard hats to understand to exciting world of Architecture. Students explored the mathematics behind the professions, calculating the areas and angles required to construct the homes of our future. **Explore Learning.**

- 14/2/2019 **Year 1 – Mathematical Workshop ‘A Knights Journey to the Throne.’**
Pupils journeyed through a quest which involved a vast array of mathematical challenges to develop their problem solving prowess. **Explore Learning.**
- 14/2/2019 **Year 9 – Wilton Scholar masterclass. ‘Success or sanity: Must you choose?’**
Mr Farnan delivered a workshop on wellbeing and mental health as students approach period of pressure and anxiety.
- 16/2/2019 **Year 3 and Year 4 - Science Detectives Challenge Day**
Hosted by Ludworth Primary School, Stockport, NWG&T
Students participated in series of challenges including questions such as have they ever made self-inflating balloon? Why does chocolate melt? Have you ever wondered why there are seven colours in the rainbow? What is metamorphosis? Full day of investigations designed to excite the minds of budding young scientists.
- 23/2/2019 **Year 5 and Year 6 - Saturday Code Breaking and Strategy Challenge Day**
Hosted by Withington Girls’ School, Fallowfield, representing NWG&T
Pupils looked at and solved a variety of different codes, exploring the possibility of using different number bases to set fiendishly difficult codes to break. Students discussed optimal strategies which maximise chances of winning.
- 26/2/2019 **Year 6 Able Mathematicians – Reasoning Club for exceptional Mathematicians**
Focus on Maths mastery curriculum with an emphasis on **endurance and resilience training** Hosted by Gilmore Junior School
Led by Mathematician Mr P Dickinson
- 27/2/2019 **Year 5, Year 6 and Year 7 - Forensic Science Workshop led by Forensic expert**
All Y5/Y6 students and Y7 Most Able scientists participated in Forensic Science workshops to challenge their analytic skills and learn about STEM and Science based careers in crime prevention and forensics. Working collaboratively, clues and evidence were identified, collected, interpreted and analysed, including fingerprints, impressions, hairs, fibres, 'blood' and DNA. Our young scientists were able to successfully analyse the crime scene, eliminate innocent suspects from their enquiries and identify the guilty individual based solely on evidence collected.
- 28/2/2019 **All Key Stage 1 and Key Stage 2: Science Talk by Mad Scientists**
Hour long assembly to encourage participation in the Prep and Pre-Prep STEM club led by Mad Science Company. Students were presented with a range of engaging investigations to foster a love of and interest in Science.
- 28/2/2019 **Year 7–Year 12: Amazon Software Development Manager: *Simone Campora*,**
In live, streamed careers talk, Simone reveals engineering that powers Alexa, the smart home assistant/hub that responds to voice commands, gives answers/reminders, controls connected devices, from light bulbs to coffee makers, and letting you control them with your voice. Discussion of career paths available in software development, programming and marketing.
