

Happy Birthday to:

Seren 1Q, Seren 1R,
Sienna 1R, Louie 2Q,
Grace 1Q and Lucas 1R

Gardening

Reception:

The children have enjoyed gardening with Mrs Boyle this week. They planted pansies and primroses. They also investigated the signs of Spring and have noticed that the daffodils have started to grow which were planted before Christmas.

Year 1

Year 1 had group discussions on what they would like to grow in the school garden this year and have produced some lovely written work.

Notice to All Parents/Carers Information about Parent's Evening

Just a reminder if you have not booked your parents evening appointment you must book it by today **Friday 19th March at 4pm** as you will not be able to make an appointment after this date and time as the booking system closes. Thank you

Reception Screening

Screening for Reception children will be taking place on 13th, 14th and 15th April 2021 Your child will have their height, weight and hearing tested. Parents/Carers will receive an email over the next week from the school nurse.

Tooth Fairy News

The Tooth Fairy has been busy again this week as Stevie 2P, Areej 1R, Leah 1Q and Will 2R: who lost his first tooth, all had a visit from the Tooth Fairy.

Cricket

Year 2 enjoyed their first cricket coaching session this week. They played games and had lots of fun developing their bowling skills. All Stars Cricket provides a fantastic first experience for all children aged 5-8 years old where they're guaranteed 4 weeks of jam-packed fun, activity and skills development. The programme is designed to introduce children to the sport, teaching them new skills, helping them make new friends and have a great time doing so. You can register at your local cricket club and every child that registers will receive a backpack full of goodies.

G. Gannon – Head of Pre Prep

love the journey

10th March 2021

Dear Parent(s)/Carers(s),

This year's Summertime Soirée will take place online at a slightly later date than usual – Thursday 10th June at 6.30pm. The evening promises to be a celebration of brighter things to come as we begin to see life slowly return to normal.

The evening will take the form of a concert of two short halves, premiered on YouTube, with a 'Wine & Wisdom' style quiz in the interval to replace the lost occasions during lockdown 1 & 2. This part of the evening will take place on TEAMS – **please email Mr Bishop from the email address that you would like the invite to be sent to.** dbishop@liverpoolcollege.org.uk

Unfortunately, due to the online nature of this event, we will be unable to feature everyone as we would usually do in the form of solo & duet spots, so we have allocated these slots to pupils leaving the College at the end of this year on a first refusal basis. However, we will feature all of our willing musicians in the form of group items.

Thank you, as ever, for your continued support of the music department, we look forward to seeing you online on 10th June and we wish you very best wishes over the coming months.

Many thanks,

Mr Bishop & Miss Clark

Free Interactive Online Parenting Guides for Liverpool

These guides are based on real evidence about how babies develop in the womb, through infancy and throughout childhood and adolescence. Liverpool parents, carers and grandparents can learn about the stages their children go through and how to strengthen relationships with them in ways that will have lasting positive impact for the whole family.

Within these guides, written by the Solihull Approach (NHS), you can find advice and information on:

- The amazing and developing brains of babies and children
- The importance of playing, singing, reading with your child
- Parenting styles and tips
- Overcoming challenges with things like behaviour and sleep
- The huge value of good communication

Parenting support is really helpful for everyone but programmes often run in groups that can sometimes be difficult to access, or might not be for everyone. One of the real advantages of this online support is the total flexibility for busy parents, carers and grandparents.

Each member of the family can access the content on the go through mobiles or tablets at a time that suits them.

There are dedicated sections for each stage from pregnancy through to adolescence:

1. Understanding Pregnancy, Labour, Birth and Your Baby

Parents-to-be can learn about:

- How to manage and avoid stress in pregnancy and ways to relax
- Supporting your bond with your unborn baby, and how baby will respond
- The crucial role of dads, partners and other important adults
- The stages of labour, childbirth and after the baby arrives
- Feeding your baby

2. Understanding Your Baby

Parents of new babies can learn about:

- Understanding feelings for baby and you
- The amazing baby brain and how you can see and support their development
- Your baby's world and routine – feeding, playing, sleeping
- How your baby builds relationships and bonds from the moment they are born

3. Understanding Your Child

Parents, carers and grandparents of children, from 6 months to 18+ years, can learn about:

- Responding to your child and understanding their feelings and behaviours
- Communicating with your child at all ages
- How your child develops and how it might impact them and you
- Parenting styles and finding out what works for your family
- Supporting your child's routine, activities, play, learning and sleep
