World Prematurity Day

What is World Prematurity Day?

World Prematurity Day (17 November 2021) is a global movement to raise awareness of premature birth and the sometimes devastating impact it can have on families.

In the UK

For every 13 babies born in the UK, one baby is born premature. Each neonatal experience will affect families differently, but we know how important it is to feel connected with people who have a similar journey.

There are many parts of neonatal care that can go unspoken; from the overwhelming sounds of the unit to discovering how strong your baby is for the first time. It can make a big difference to read other people's stories.

That's why we're asking parents, family members, friends and healthcare professionals – anyone touched by the needs of premature babies – to **share your #MyNeonatalStory** and show families in neonatal care they're not alone.

PTA News

The PTA are delighted to have a large Christmas raffle this year, to jump start our fundraising.

The last 18 months have been very difficult for all charities but with all your help, we've

still managed to support the school by over £30,000. But in order to continue this support we need to raise money. The top prize in this year's raffle is a massive £5000 and there are many smaller prizes. To buy tickets please go to www.bigptaraffle.co.uk, tickets are just £3 each and will provide much needed support to the PTA without you having to leave the house!

As part of our Personal Development curriculum Year 1P have been learning how to sew. We are working very hard to learn this new skill and create a bookmark. Look at our progress so far!
