DISCOVER CREATIVE CAREERS MONTH

There are thousands of career roles and pathways in the creative industries, but many young people have never heard of them. Let's change that. You can search for many amazing opportunities including Springpod programmes [here](#)

THE UNIVERSITY OF LIVERPOOL MATHS CLUB

The University of Liverpool will again be offering FREE monthly sessions for GCSE and A-Level Maths students as part of our Maths Club programme. These sessions take place on the campus on a Saturday morning and are designed to be as interactive as possible. The programme is ideal for students in Year 10 or above who are considering taking a STEM degree in the future, but also for students who enjoy the subject and just want to challenge themselves with Maths from beyond the school syllabus. There is more information, an archive of topics from past sessions, and details of how to join [here](#)

ARMY CAREERS- THE ROYAL ARTILLERY

The Royal Artillery is a branch of the British Army where tradition meets cutting edge technology and adventure. There are many different roles in the artillery, from drone operations to commando and parachute roles. Click [here](#) to find out more about this branch of the army.

CHAPTER 10 WORK EXPERIENCE 2026

From this academic year, 2025/26, we plan to send Chapter 10 students out on work experience during the spring term. This will be 2 days, 10th & 11th March 2026, and we hope that all students will be involved. More details about this will follow, but if anyone can support us in offering placements to our students, please email me on jdrew@liverpoolcollege.org.uk
