- Tesco Retail Apprenticeships
- Armed Forces Foundation Scheme
- Online Summer Schools
- KPMG Own Your Story
- Elevate Parent Webinars
- MyPath Job Of The Week

CHAPTER 12 IN2MEDSCHOOL FREE MENTORING SCHEME

In2MedSchool is a registered Charity (1197973), which supports aspiring medical students from disadvantaged backgrounds. We are inviting students at your school to sign up for our FREE MEDIC MENTORING scheme. So far, we have around 2,400 mentors, all of which are doctors/medical students who have been through the application cycle and will do their best to help your students with their application. The application form and more details can be found [here](#).

TESCO STRONGER START RETAIL APPRENTICESHIPS

We're running a series of short virtual information sessions with Tesco for their Stronger Starts Retail Apprenticeship, and these sessions are designed to help students understand a clear, paid alternative pathway.

This session is particularly relevant for students who:

- Are worried they might not achieve the GCSE/A-Level results they need
- Don't currently have a confirmed plan after exams
- Are unsure about sixth form, college, or what to do next

In these sessions, students will:

- Hear directly from Tesco and get insider tips on applying
- Understand what the role is actually like day-to-day
- Learn how they can earn up to £23,000 (full-time equivalent) while gaining real experience
- See how this can be a strong alternative to sixth form, college, or a gap year

Importantly, students who complete the programme gain a Level 2 qualification (equivalent to 5 GCSE passes) so even if results don't go to plan, they can still earn, gain experience, and keep future pathways open. Click [here](#) to sign up to one of the information sessions.

THE ARMED FORCES FOUNDATION SCHEME

This scheme gives students the chance to experience life in the British Army for 18 months, without committing to a long-term career straight away. It's designed for those who want to try something different, build skills, and keep their future options open.

What students can get from it:

- Real experience of Army life and work
- New skills and qualifications
- Time to decide what they want to do next

For some, it becomes the starting point for a full-time Army career.

For others, it's a valuable experience they take into their next step.

Current roles available include:

- Infantry (excluding the Parachute Regiment and the Guards)
- Royal Artillery
- Royal Logistic Corps – Supply Chain Operative
- Adjutant General's Corps – HR Specialist

This is for students aged 18+ and you can find more details [here](#).

SCHOLARSHIPS FOR ONLINE SUMMER SCHOOLS CHAPTER 11-13

This opportunity is for students aged 16–18 who are interested in experiencing university-style teaching, strengthening their university applications, and exploring future academic and career pathways.

Impetus Education is offering scholarships for prestigious online summer programmes in:

- Economics & Business
- Engineering
- Medicine
- Law

The programmes are taught by graduates from the Universities of Oxford and Cambridge and are designed to provide students with an engaging and academically enriching experience. The cost is £1300 but there are full scholarships available. Click [here](#) for more information and to apply.

KPMG OWN YOUR STORY

KPMG is a place where you can be yourself and give your best, whoever you are and whatever your background. Join us at our virtual Own Your Story - A KPMG LGBTQIA+ Event to hear directly from our people as they share their stories, experiences and insights. You'll hear from former degree apprentice and content creator, Tom Oakton as part of our panel Q&A and you'll also discover how we're fostering an inclusive environment and empowering the next generation of LGBTQIA+ leaders. Click [here](#) to register.

ELEVATE FREE PARENT WEBINAR SERIES

Elevate is an award-winning organisation that has been working with Liverpool College to help students become more effective learners. Your child's ability to self-motivate, manage their time and prepare effectively will be a crucial factor to guarantee their success over this academic year. Join us for our exclusive webinar series where we will show you – as parents – how to best support your child through school. For more details on the summer series and to register, please click [here](#).

MYPATH JOB OF THE WEEK

In this section I will be sharing a 'Job Of The Week' from the MYPATH careers website. This week the job is Clinical Coder. Click [here](#) for the video.
